

潜水泵 BILGE PUMP

Heavy duty motors with stainless steel shafts and tough thermoplastic bodies.

Totally submersible and ignition protected

To all existing safety standards.

Water cooled motors for long life, with anti airlock design and moisture tight seals.

Snap-lock strainer base for easy installation and removal, and silent vibration free running.

No burn out when run dry

型号 Model	流量 Flow rate	电压 Volt	电流 Current	出水口尺寸 Discharge Fitting	电源线长度 Wire Lead
