

浮动开关 FLOAT SWITCH

SFBS-30-01

Max Amps: 12Volts: 30A

Max Amps: 24Volts: 15A

Wire Length: 1m

Wire Gauge Size: 16

Turn pump on when water level reaches 2" (51mm)

Turn pump off when water level reaches 3/4"(19mm)

Not to be used with AC voltage applications

Ideal flow sensor for bilge pumps.

Latest design includes a removable base for easy cleaning and servicing

Heavy Duty flow switch is designed for the toughest applications

Environmentally Responsible.
